**Dear Ms. Kalbach and Mr. Burger,**

**Thanks for reaching out to me on behalf of the CCI Action Fund.**

**Each of the areas you address in your survey focus on important quality of life issues for Iowans statewide. They provide a framework as elected officials and citizens, at all levels of government, prioritize budgets and set goals. None of them is completely achievable at the county level. Your survey, along with many other conversations I'm having across all the communities in our county, reinforces my belief that it is our relationships with a wide range of stakeholders and partners that will help us make progress on each of these areas.**

**I look forward to working with you and other advocates in our joint efforts to make Johnson County communities welcoming, safe and just places to live and work.**

**Sincerely,**
