Congressman Tom Latham  
2700 Grand Ave. Suite 109  
Des Moines, Iowa 50312

Representative Latham;

We are here today to demand you work in the best interests of your constituents and other everyday Americans, not an extreme faction within your party.

Wrecking the economy by defaulting on the full faith and credit of the United States is a path we cannot travel down without dire consequences for generations to come.

We must stop governing crisis to crisis. We need to open the government, raise the debt ceiling and pass a budget that increases revenue and invests in America.

The only way to break this cycle of governing crisis to crisis is to add more revenue. It's time to put a tax on Wall Street, close corporate tax loopholes, and make the rich and corporations pay their fair share to move the economy forward.

As a nation, we are suffering from a death by a thousand cuts. Every day Washington fails to act more and more people are losing their homes, going hungry and slipping into poverty.

We urge you to break with a minority in your party who want to destroy America and instead demand an end to shutdowns, sequesters and brutal cuts to services through political grandstanding.

We look forward to your leadership in serving the American people, not an extreme ideology that favors corporate profit over the common good.

Sincerely,

Members of Iowa CCI Action Fund
