

# RESOLUTION SUBMISSION FORM

This form is provided as an aid in recording Caucus resolutions after they have been proposed, amended, if necessary, and finally passed. This form contains space for a **Preamble** followed by the **Resolution**. A preamble is not always necessary; but is used to provide additional information without which the point or merits of the resolution might not otherwise be understood. Totals for votes other than voice votes should be recorded in the spaces provided.

**Each resolution should be coded by its presenter by checking the appropriate boxes on the list shown on the back of this form. (Please note that the coding may be changed by the Platform Committee at the next level.)**

**Completed forms are to be inserted in Envelope B and mailed to the County Chair immediately. The County Chairs should immediately refer all resolution forms to the County Platform Committee Chair. Please note: This form must be in the hands of the County Platform Committee Chair by no later than Thursday before the first scheduled meeting of the County Platform Committee.**

**Because**, the cost of running for office continues to escalate and excludes every day Iowans; and because the Supreme Court's Citizens United and subsequent decisions have allowed an unprecedented flow of secret money into our election; and because millionaires, billionaires, and big money lobbyists gain and wield undue influence through this money in politics; and because publicly financed elections have been shown to restore democracy in states that have adopted them;

**Resolved, that Iowa pass** Voter Owned Iowa Clean Elections (VOICE) legislation. Under this law an election system will be established in which candidates could choose to no longer raise money from big money donors and special interests. Instead, each participating candidate would receive a set amount of money from a publicly financed election fund matching small donors from within the candidate's district. Spending by the candidate would be limited to the amount they get from the election fund, and all candidates would abide by contribution limits.
